Schmingo

Five tips for hosts.

What makes a **Schmingo** game work, from the first minute to the last.

Schmingo

1

Names in before Start.

Have people type their name before you press Start. Then nobody misses the first minutes.

Schmingo

2

Read the question out loud.

Every square comes with "Try asking". Reading it out helps shy people and second-language speakers.

Schmingo

3

Ask one follow-up.

After the first answer, ask one more question. People who ask follow-up questions are liked more.

Schmingo

4

Name a real prize spot.

Tell winners where to find you. For example: "Find me next to the coffee bar".

Schmingo

5

Ask for feedback out loud.

At the end, ask people to rate the game and share their card. It only happens when the host asks.
